

Level2[®]

Type 2 Diabetes Program

FOR GREENBERG TRAUIG

Type 2 Diabetes Myths

A Type 2 diagnosis means:

- I'll be on prescription drugs for life, and my healthcare costs will continually rise
- I'll have type 2 forever
- I'll have to change my entire lifestyle
- I'll always feel tired

Using a CGM means :

- It hurts to put it on
- It's difficult to put it on
- I can't wear a CGM if I am showering, bathing, or swimming

Choose your lifestyle

KNOWLEDGE IS POWER

Diabetes does not mean you lack choice.

By knowing your blood glucose, and managing its trends, you *understand* the factors that put you in OR out of range.

Do type 2 differently.

When you choose to improve your type 2 diabetes instead of just manage your condition you can work to feel better. You can do it and Level2 is here to help.

level2[®]

Here's what members experience with **Level2** Specialty Care:

Insights

With a continuous glucose monitor members see and understand glucose changes.

Care Team

Access to a virtual care team of type 2 diabetes experts helps members build new habits.

Level2 Method

An evidence-based approach to help members work to improve their glucose control.

Access to Level2 is **included** in your health plan at **no additional cost.**

Included with select UHC health plans

Let's verify your Contact Information.

Level2 Specialty Care starts with insights about your body, and we can get those insights from your diabetic supplies, (i.e., a CGM). To receive those supplies and a few other goodies, verify that the contact information we have on file for you is accurate or update accordingly.

Please note, we cannot send your initial supply kit to a P.O. Box!
